1. Hi! It's Elisha with LaughingGoddess.International. This is number 1 of 105 Mini-lessons using the Law of Attraction to Manifest Your Wildest Dreams... and Beyond! So, let's get started. Number 1 is this:

We all know that we must feel **worthy** of receiving our heart's deepest dreams in order to receive. Years ago, I tapped into the essence of manifesting with this affirmation (and still use it to this day). So, place both hands over your Power Center, which is your heart, and say out loud,  
I am magnificently loved... and worthy of **every** good thing.  
And again, I am magnificently loved... and worthy of **every** good thing.

Feel this. Know this. And now, keep creating with #2

2. Hey, it's Elisha again. Here's the second principle.  
Everything that you desire is already manifest in the higher vibrational realms. You can't bring it into this reality if you have a lack or poverty mentality. So, right now, drop into your heart. Take a deep breath, and imagine your heart center opening and expanding with golden light. Next, feel appreciation for all that you have already created that is all

around you. NOW, you can create that which brings you the most joy. Have fun creating! And on to Law of Attraction mini-lesson #3.

It's Elisha with LaughingGoddess.International with number 3! I fully embrace life as a divine spark of Source. I embrace and experience unlimited wealth, dynamic health, boundless love, heartfelt giving and wondrous success! Feel this! Know this! **Become** the dream that you want to live. Keep creating with Law of Attraction mini-lesson 4!

3. Hey, it's Elisha again, with number 4 of 105 Mini-Lessons using the Law of Attraction to Manifest Your Wildest Dreams... and Beyond! Lesson 4 says, Life is full of the energy of money! I open my mind, my heart, and my hands to receive outrageous amounts of money, easily and joyfully! So, go, and create easily! Next is lesson 5.

4. It's Elisha with LaughingGoddess.International. Are you aware that everything that you need is available to you in this moment? You are a spark of Source. This means that all of the universe is available to you to access. For filling an empty space, for play, for expansion and for every daily need. Ask, believe, receive. This is the creative dynamic for this universe and of the loving, intelligent field of light that is All That Is. Ask, believe, receive. And in Law of Attraction

dynamic number 5, you'll leave your small beliefs behind. Leave a comment below and let me know what resonates with you. Let's do this!

5. Hey, it's Elisha! Law of Attraction Mini-Lesson 5 teaches this principle. I leave my old, small beliefs behind, and move fully into my identity as the divine creator of my own world, with the unlimited forces of a staggeringly powerful Source/Universe. I am FREE to become anything and anyone that I wish. I simply intend it, and refuse to block my creating with old habits of thinking and feeling. In Mini-lesson 6, you'll learn how to create feelings that boost your manifesting!

6. Hey, it's Elisha with mini-lesson 6 which is- Your thoughts, words and emotions are creating every detail of your personal eternal NOW. Whenever you think of your financial state, repeat this statement, and FEEL the feelings and emotions that come along with this reality.

I can feel, now, how it feels to be financially wealthy and free, and to know that I created this. Stop this video and repeat this several times. Have FUN creating! And on to Law of Attraction mini-lesson 7.

7. Hey, it's Elisha with LaughingGoddess.International again. It's important to break the HABIT of fearful and limited

thinking. It's time for you to create a new habit of intentional thinking. Here's your affirmation...

Each moment is a new and fresh canvas to create Beauty upon. I choose the colors, the form and the emotional shades that I wish to paint my life with. I create masterpieces! And on to Law of Attraction mini-lesson 8.

8. Hey, it's Elisha with LaughingGoddess.International. Did you know that the energy frequency of JOY aligns you with your heart's dreams? Joy aligns you to the infinite flow within and without. So, think and do joyful things! That will resonate with joy will come naturally into your reality. Next, number 9 out of 105 Mini-lessons using the Law of Attraction to Manifest Your Wildest Dreams... and Beyond!

9. Hey, it's Elisha with number 9. Here's your principle for creating your life with clarity and intention.

As the wise creator of my own reality, I find myself not needing to focus on anger, frustration, comparison, doubt and fear. I choose rockin' self-worth, self-value, and confident expectation of the wonderful life that I deserve. And next, Law of Attraction mini-lesson 10.

10. Hey, it's Elisha with LaughingGoddess.International. Principle number 2 spoke of the reality that everything

that you want already exists within a finer reality. These finer things are now calling YOU to bring them into this physical dimension of form, the world of your 6 senses. Here's one affirmation that can do that for you.

Daily, I am moving my thoughts and feelings into complete alignment with those dreams that manifest through me, for I uplift myself and the world when I create and live my dreams. Now, on to Law of Attraction mini-lesson 11.

11. Hey, it's Elisha. Number 11 tells us that when we judge other people, we lower our own frequencies, and come out of alignment with being able to create our dreams. So, if you catch yourself judging someone else (and by the way, this is your ego's favorite pastime, stop it!

Keep your creating vibe high and powerful! Go forth and create worlds! Next, Law of Attraction for Love, health, wealth and success dynamic Number 12, and it's a good one!

12. Do you know that need and desperation scare money away! When you need, you amplify your experience of lack, of NOT having. So, right now, fill yourself with feelings of wholeness, of fullness, of all of your needs being generously met. Stop and do this for at least 20 seconds. Your miracle is here! Let's keep this flow going with number 12.

13. Hey, it's Elisha with LaughingGoddess.International! I want you to intentionally amplify your experience of Plenty. Take a deep breath and let it out slowly. Imagine a golden sparkling energy ball about 2 feet over the top of your head. This ball vibrates with the word and the energy of Plenty.

On the count of 3, that ball will travel quickly straight down and through the top of your head. Allow yourself to experience that now. 1, 2, 3, the ball rushes down into and through every cell of your body. Allow yourself to experience this now. You sparkle with golden light, the energy of Plenty. Sit with this for a few moments, and continue creating with mini-lesson number 14.

Hey, it's Elisha with number 14 of 105 Mini-Lessons Using the Law of Attraction to Manifest Your Wildest Dreams... and Beyond! This is a quick reminder that you are a divine spark of Source/Creator. You are divine. You are powerful. You are creating your own reality. Say this with me,

I am divine. I am powerful. I am creating my own reality in each eternal NOW moment. So, go and create intentionally! And on the mini-lesson 15.

15. Hey, it's Elisha with Law of Attraction mini-lesson 15.  
Many times, a tiny part of us is resisting our highest

intentional creation. We're human. We are all learning and growing through the experiences that we create. Many times, when you can a limiting belief without resistance, it quickly fades away.

Try this- place one or both hands over your heart and affirm. I now love and accept myself exactly as I am. I just for this moment allow this fear or judgment of myself to be okay. I know that this is not truly who I am. Take a deep breath and let it go. Now, you can be free to create your dreams. Let's manifest even better with mini-lesson 16.

16. One morning, I was mulling over how limiting beliefs can hold us back from creating our deepest desires. It suddenly occurred to me that one way to get around limiting beliefs might be to change the wording in a Law of Attraction affirmation.

When you say, I'm a multi-millionaire, it doesn't matter if you say it once or a hundred times, the unconscious or subconscious patterning replies, "No, your not a multi-millionaire! You definitely do not have a million plus dollars in your bank account!"

So, try this instead; I would love to know that I have a million dollars in the bank. I would love to be living my life financially free! See how "I would love to \_\_\_\_\_"

before your intention opens up that feeling for you. Cool, right? Use this tool for 30 days and see what happens... Let's keep creating with number 17.

17. Hey, It's Elisha with LaughingGoddess.International. Let's talk about another aspect of being able to receive all of your dreams. You love your dog, you love your partner, you adore your kids. Do you love **yourself** enough to give yourself your every dream? Tune into this for just a moment.

Place one or both hands over your heart center and say this with me. I love **myself** enough to give myself the best in all of life. I love **myself** enough to give myself the best in all things. Now simply be this reality. Let's keep learning with Law of Attraction mini-lesson number 18. Do you know everything about the Law of Attraction?

18. Hey, it's Elisha with number 18 of 105 Mini-Lessons in using the Law of Attraction to Manifest Your Wildest Dreams... and Beyond! Do you feel safe in creating your heart's dreams? Might others feel threatened to see you shine your brightest? What will others think of you?

Here's a useful affirming statement- I feel safe and cozy when I have everything that I want and need. I inspire others to go for their own dreams. It's up to them to

choose to do that... or not! I choose to. Let's keep learning with number 19.

19. Hey, it's Elisha with LaughingGoddess.International. Sometimes, you hear people insult those with lots of money, as if there's something really wrong with having money freedom. Here's a super powerful affirmation that helps to free your mind from those who believe that money corrupts.

Say this in a continuous, rolling sort of way- I am rich, I **am loving, I am wealthy, I am kind**. Repeat this at every stoplight, over and over. This affirmation reprograms that part of our minds to associate positive associations with money freedom. Try it, it works! Law of Attraction Mini-lesson number 20 is next. What are you creating?

20. Hey, it's Elisha again. Money loves movement. It loves to expand, to create and to grow. In lesson 20, we're going to make money movement as natural as breathing. Take a deep breath, and let it out. On the next deep breath, imagine money coming in. A beautiful and joyful golden energy fills you. On the exhale, money goes out, filling the world, and uplifting your own and others' lives. You **are** a wealth creator.

Say this with me- I am a wealth creator. I fill the world with the energy of money as I breathe in and as I breathe

out. Let's keep our creating energies high with Law of Attraction Mini-lesson Number 21.

21. Hey, it's Elisha with Laughing Goddess. International. Money is a part of, or expression of Source, and thus, money is a natural part of you, and of your very life-force. This affirmation may help you to open to that expression within your own being.

I welcome wealth as an expression of the love that I am. I welcome wealth as an expression of the love that I am.

Let's discover what dynamic Law of Attraction for Health, Wealth, Love and Success Mini-lesson number 22 explores.

22. It's Elisha with number 22 of 105 Mini-Lessons Using the Law of Attraction to Create Your Wildest Dreams... and Beyond! When we focus on the HOW, such as HOW am I going to get enough money to travel? How am I going to get that new car that I so badly need? We stop our manifesting juice. Remember to only focus on the outcome that you desire. Feel it. Expect it.

Your affirmation might be- I don't know HOW this dream appears in my life, I only know that it does. Thank-you, thank-you, thank-you! Next, mini-lesson 23.

23. Hey, it's Elisha with Laughing Goddess. International. Does it feel right for you to create your dream as if is your next natural step? Are you afraid that you might

lose your values if you create a ton of wealth? Might you lose your integrity or your heart and become a slave to money? Remember that wealth only enhances who you already are! If you're loving and generous, you'll have more opportunity to express yourself through giving to others through your deepest values.

Say with me- It feels safe, normal and natural to me to experience an unlimited flow of wealth, love and health. I easily fill my own life, and am able to help others as I feel guided to . Now, keep manifesting with Law of Attraction Mini-Lesson number 24.

24. It's Elisha with LaughingGoddess.International. Here's a short, sweet and straight to the point affirmation that I created years ago that affirms wealth.

Center yourself, close your eyes, put a hand on your heart. Take a deep breath. Let it go. Say this- I am filled to overflowing that I may give to myself and the world. Repeat. Law of Attraction Mini-lesson 25 talks about how an inner state of peace supports the joyous manifesting of your dreams.

25. Hey it's Elisha with number 25 of 105 Mini-Lessons using the Law of Attraction to Manifest Your Wildest Dreams... and Beyond! An inner state of peace supports your intentional manifesting in each NOW moment. No attachments, no hoping, no trying!

Here's your affirming statement-Peace is my priority. Peace in my mind, Peace in my heart, Peace in my hands, Peace in my belly (soft belly). When you say Soft Belly, relax all tension that you've been holding in your belly. Become soft, open and in receiving mode. Take a deep breath, and simply BE peace. On to mini-lesson 26.

26. It's Elisha with LaughingGoddess.International. In the early 90s when I was managing at Wild Oats Market, my spirit-teachers whispered in my ear that Love is the most powerful force in the Universe. So, USE this power to create, with this fun tool.

I now send a blast of Love to the numbers in my bank account. I watch with delight as they shimmer and shine, and begin to grow and grow! Do this many times a day, whenever you think of your money. Love rocks the world, and so do YOU! Next, is Law of Attraction for Health, Wealth, Love and Success mini-lesson 27!

27. It's Elisha with LaughingGoddess.International. Are you starting to get that how you feel is more important than the specific tool that you use? Feel peace, joyful expectation of good things, of amazing surprises! Let go of attachments to outcomes. Now... go and manifest freely and joyously! Are YOU a wealth creator? Find out in Law of Attraction mini-lesson 28.

28. Hey, it's Elisha again, with 28 of 105 Mini-Lessons using the Law of Attraction to Manifest Your Wildest Dreams... and Beyond! Start becoming aware of everyday things in your life that lower your creating frequency.

Violent tv shows that create tension and fear. Lower vibrational foods, music that glorifies violence, anger and disrespect. You'll feel in your energy field when something triggers a lower frequency response. This immediately starts creating events that match that frequency, reflecting those lower feelings back to you. Create from your sense of happiness, from magic, from peace. Just be aware. See you in mini-lesson 29.

29. Hey, it's Elisha with LaughingGoddess.International. The living forces of Nature can be a tool to freshen your energy field for clear and intentional creating. When you've been hanging on to a lower frequency event or conversation, and just can't let it go, get out under the sky. Embrace the sun, the trees and the wind. These are living forces that will help you to clear, so that you can once again manifest with intention and clarity. Such an easy way to keep yourself clear! Go now! Law of Attraction Mini-lesson 30 gives you a way to keep yourself inspired.

30. Hey, it's Elisha with Law of Attraction mini-lesson 30. I'm going to suggest that you start a manifesting journal. Start writing down all of the good stuff that you manifest.

Little stuff, like thinking of some good thing that you'd love to have or to experience, and a couple of days later, there it is! Or something bigger, like a new income stream that appears out of the blue for you.

It's important that you acknowledge and ramp that appreciation up, or you might let it slide without recognizing it, and being able to use it as a Law of Attraction tool to create your next cool thing! Do this. And on to mini-lesson 31!

31. Hey, it's Elisha with LaughingGoddess.International. Every possibility exists in your energy right now. When you shift from the horrible things that could happen to your heart center, or to the creative power of Love, you open THAT door of opportunity. Say this- I open the golden door opportunity, of the best and most delightful possibility. I am walking through now. Next, mini-lesson 32. Use the Law of Attraction to command your reality!

32. Hey, it's Elisha with number 32 out of 105 Mini-lessons using the Law of Attraction to Manifest Your Wildest Dreams... and Beyond! Here's your affirmation- I command with a light heart and casual expectation... Universe, through the power of Love, which I am, I command a greater financial flow... now. And if superior health is more important to you, then command health. If inner peace is more important to you, then command

inner peace, through the power of Love, which is your true essence. Create and be free! Mini-Lesson 33 speaks of harmony in relationships.

33. It's Elisha with number 33. You can manifest harmony in your personal or business relationships. As much as you want to blame and to judge someone for being an idiot, it's always better to operate from your own higher frequency. Here's your affirmation.

I send a blast of love to anyone who I'm having problems with. I see them receiving this blast of loving energy. I watch as his or her energy field softens and changes, as his **soul** sends love back to me. Love does rock the world. Believe it! Know it! Law of Attraction for Success in creating your wildest dreams Mini-Lesson 34 is next! Let's do it!

34. It is Elisha with LaughingGoddess.International. Mini-lesson 34 is a reminder that you are continually manifesting your own world through every thought, word, belief and emotion. What are you manifesting in this now moment?

And just so you know, I LOVE creating these 105 Law of Attraction Dynamics just for you. Doing this makes my heart glow, and expands Who I AM. Thank-you! Next, we'll explore the power of laughter, so on to Law of Attraction number 35 out of 105 dynamic LOA principles!

35. Hey, it's Elisha with mini-lesson 35 using the Law of Attraction and the force of Love! When I manifest from a sense of play, when I move from a light heart and much laughter, the universe moves so much more quickly and easily to manifest my dreams. So, be you! Have fun! I love you! Next, we'll explore dumpster diving in number 36.

36. Hey, it's Elisha with LaughingGoddess.International. When you dumpster dive, you're looking down into your own lower frequencies, picking for bones, in order to trash someone else, or yourself. This immediately stops your power to create your dreams. Each person on this planet is at his own level of growth. You don't trash a first grader for not being able to understand higher math. Be conscious. Be kind! Next, the essence of Law of Attraction manifesting in number 37.

37. It is Elisha with number 37 of 105 Mini-lessons using the Law of Attraction to Manifest Your Wildest Dreams... and Beyond! When you're deciding what you want to create next, go straight to the **essence** of your dream. Example- I want a new red car that will take me wherever I want to go. Ask yourself, what is the feeling that having a red car will create for me? Freedom? Adventure?

Next, take a few moments to come into alignment with the feelings of freedom and of adventure. Recreate these feelings often. Practice these feelings daily. **Become**

these feelings. This is such a **powerful** method for manifesting your every dream! Let's open to ALL goodness with number 38.

38. Hey, it's Elisha with LaughingGoddess.International. You don't have to know exactly what you want to manifest. In fact, at times, being more general with a goal opens wider possibilities for the Universe to tailor your dream specifically to you and your lifestyle, and your soul growth. You might intend to create vibrant feelings of great health, loyal friends, or a soul partner who "gets" you, and delights in exactly who you are.

You might choose to create money success. What does that feel like? You don't need a specific monetary goal.

Your intention might be- I open to all of the abundance in the Universe to flow through my being and out into my life with balance and joy. You get the idea! Try this, you'll like ! Next, with number 39, we'll open to the energy of a soul-partner.

39. Hey, it's Elisha again, with number 39 of 105 Mini-Lessons using the Law of Attraction to Manifest Your Wildest Dreams... and Beyond!

Play with putting this energy out for the Universe to match... I am now playful, mature, self-valuing and aligning with my heart's companion and soul-partner. This someone adores me, respects me and delights in

exactly who I am. I uplift him to his highest expression, and he or she uplifts me to my highest path of growth and joy. In his presence, my truest self blossoms like a flower. Let's keep expanding with number 40!

40 Hey, it's Elisha with Laughing Goddess.International. Are you getting the dynamic that you are always manifesting, you are always creating in every single moment? Manifesting isn't a special activity that you save for some big goal. Creating your everyday life bubbles up through your opinions, beliefs, perceptions, objections, desires and expectations in EVERY SINGLE MOMENT. Your NOW life flows from your inner world, and out into your daily experience.

This is such an important principle to really get. It will change your manifesting, and then YOU will change your life. Enjoy the process! Next, Law of Attraction mini-lesson 41. Woo Hoo!

41. It's Elisha with Law of Attraction mini-lesson 41. We are human. We're learning and growing all the time. Don't trash yourself for not being perfect! Be kind to yourself. Simply realize that you're breaking a lifetime addiction to fear, on many levels. Such as: I don't trust life, I don't trust myself, I don't trust authority figures, I don't trust that if I get sick I can heal myself, I don't deserve real success!

What to do when a low-vibe moment happens? And it will! Simply catch any low-frequency thoughts and upgrade them to what you'd love to be experiencing right NOW. This new focus immediately changes where you're creating from. It reminds you that you are the one who created where you are now, and you can create something very different. Now, are you ready to keep growing and learning as a Wizard of Manifesting with mini-lesson 42? Let's do it!

42. Hey, it's Elisha with LaughingGoddess.International.

Some think that real, deep, amazing pleasure isn't spiritual. I think that pleasure is one key that lets you know if you're on track in your creating and experiencing your life. A creamy chocolate that melts in your mouth opens you to immediate enjoyment. A massage that melts all of the tight places in your body opens you to experience bliss.

We are physical beings, using our physical senses to experience this world of energy, this world that we call "real" but is the energy of Spirit dancing within form. Enjoy life in all of its luxuries! Permit yourself to really experience the glory of the rising sun, the laughter of children, the messages reflected in the silver white clouds in a blazing blue sky! Let pleasure be your North Star, let pleasure be your highest spiritual guiding light.

Thank-you for allowing pleasure in every aspect of your life! And now, on to Law of Attraction mini-lesson 44.

44. Hey, it's Elisha with LaughingGoddess.International. All of my teachings are designed to lead you to your own inner guidance. Your inner wisdom is always there inside of you, influencing every thought and every choice. Do you make it a habit to listen?

Here's one affirmation that might help-

I trust that my inner wisdom and guidance are leading me in the right direction toward my dreams. I know that I can trust my inner self who loves me more than anything to lead and protect me in every situation. Say this whenever you doubt yourself. Let's keep expanding with Law of Attraction number 45.

45. Hey, it's Elisha with number 45 of 105 Mini-Lessons using the Law of Attraction to Manifest Your Wildest Dreams... and Beyond!

As the diver leaves the diving board to soar through the air, we soar through the air of our own thoughts, and land in the waters of our beliefs manifested.

I love this! It's such a clearly visual way of explaining how beliefs either limit us or set us free! This dynamic shares with us the need to be releasing that which limits us. Not to think of ourselves as flawed or wounded, but to ask,

When I land in the pool of waters of my own beliefs, what will I find? How will it feel? Keep clearing, keep growing, keep focusing on a joyful NOW, and wondrous future creations that spring forth from the eternal NOW. Let's keep exploring manifesting in number 46.

46. Hey, it's Elisha with LaughingGoddess.International. What do you identify as? Your job, your hair, your car? What lies do you tell yourself to keep from growing into your highest and best life?

This affirming idea may remind you of who you REALLY are- I am a sparkle of the divine! I shine love to all I meet. I am a wealth creator who uses the greatest tool, that awesome and powerful force of love to create my world, and to uplift others as I create and live my own dreams! I AM that I AM. I AM that I AM. I AM that AM. Next, Law of Attraction mini-lesson 47.

47. Hey, it's Elisha with LaughingGoddess.International. number 47 speaks of the expectations that you have from life, from love and from your own inner self. Remember that you are shaping your now reality, in part, through the expectations of what you will experience. I imagine my now reality bubbling up from within me, out into my 3D world, kind of like a volcano, bubbling lava

through its base and overflowing, creating new landforms.

Here's a good idea to make your own- I expect wonders and miracles in my daily life. All day, every day! All day, every day! And, I am grateful. Next, Law of Attraction mini-lesson 48.

Hey, it's Elisha again, with number 48 out of 105 Mini-Lessons using the Law of Attraction to Manifest Your Wildest Dreams... and Beyond! Number 48 is kind of a continuation of number 47. If you need money quickly, try tapping into the essence of this energy flow.

In this NOW moment, I experience the golden energy of money, bubbling up within me, and overflowing into my world. I am the powerful creator of my own reality! Oh, here it comes! And next, mini-lesson 49. OMG! We're almost half-way to 105! Wow!

49. Hey, it's Elisha with LaughingGoddess.International. Let's talk more about creating money, creating exactly the wealth that you'd love to create. I want you to be guided by your own dreams, your own inner wisdom. Center now. Take a deep clearing inhale and deep releasing exhale. What would you really like to create in your life in this moment/ How much money would feel in balance to you? How much is just the right amount for

YOU? Don't feel pressured to "become a millionaire". Allow yourself to create exactly your own dream that expresses what YOU want from life. What is it that you want? And now, on to Law of Attraction mini-lesson 50!

50. Hey, it's Elisha with number 50 out of 105 Law of Attraction affirmations for wealth, health, love and success. You may be a nurse or teacher, or musician who absolutely loves what you're doing. You may already love your job. You are already giving your best self to mold, heal and shape the world through your work.

You might be thrilled to bring in another \$1000 or \$3,000 a month to offer your family the freedom to move to your own ideal home with a huge backyard, or to experience more vacations where your family can be together.

Take a deep breath. Let it out. Tune in to your own inner voice of wisdom. What might bring you more joy? And now, we'll finish this lesson with number 51

51. Hey it's Elisha with LaughingGoddess.International. Always listen to your own heart. Its living intelligence will tell you when you're in perfect balance. Don't fall for every get-rich-quick scheme when that really isn't what

you desire. What feelings do you lack in your life that you'd love to feel more of? Focus on those feelings. Focus on those creations. Trust your own Self.

Remember, you are a sparkle of Source/Creator. The forces that create worlds are flowing through your body, mind and spirit. Focus on one NOW moment at a time. Take a deep breath and be in peace. On to mini-lesson number 52 out of 105 using the Law of Attraction to Manifest YOUR Wildest Dreams... and Beyond!

52. Hey, it's Elisha with LaughingGoddess.International, and number 52 out of 105 Mini-Lessons using the Law of Attraction. Yes, it is a natural thing to want to expand into more and more of Who You Are, into more and more experience that this life offers. That said, you must also be able to love where you are right now. If you're projecting dis-satisfaction out into the Universe, you'll attract more event and circumstances that align with and create more dis-satisfaction.

**You** have created this now moment, and you'll create the next. Loving where you are right now naturally expands into the next perfect expression. You are always evolving. This never stops through all of eternity.

So, finding beauty in this moment is the key to creating more and more as you learn and grow. You are a creator! Have fun creating! Next, mini-lesson 53.

53. It's Elisha with LaughingGoddess.International. I'd like you to center yourself, and say the phrase, "I intend to be rich." Does your energy expand? Do those words lift you up? Is there a tiny part of you that wants to keep that idea to yourself, and not let others know that you intend to create riches? Does a tiny part of you feel guilty for desiring true financial freedom?

Next, stand in your truth as a powerful creator. Say and feel the word CLEAR 3x. Say it powerfully and feel it in your energy field.

Then, say again, "I intend to be rich." Say this with freedom and joy. Check your energy field again. You should feel much clearer. Use this tool whenever you focus your intention to create financial freedom. Now, go and create! Next, Law of Attraction for Wealth and Success mini-lesson 54.

54. Hey, It's Elisha with 105 Mini-lessons in using the Law of Attraction to Manifest Your Wildest Dreams... and Beyond! Number 54 flows from the sense of freedom that you created in Mini-Lesson 53. I have let go of any and all resistance to wealth, health and happiness flowing through my life.

I can now see, touch, feel and live my deepest dreams. I can NOW see, touch, feel and live my deepest dreams. Take a few moments to visualize these things I this NOW moment, not in some vague or hazy future. Do this, live this. Next mini-lesson 55.

55. Hey it's Elisha with LaughingGoddess.International. This Law of Attraction lesson might be mini, but it's a vital one to understand.

What do I mean when I say, go forth and create worlds? You are creating worlds all the time. You create your own income flow, your own level of health that impacts your family, your relationships and the experiences that you are able to choose. Your loving heart affects everyone that you come in contact with. Do you lift others up? Do you take people down with your words, ideas and energies that you choose?

You have already created your own world. Now go forth and create new worlds of beauty, of freedom that impact other's worlds, as theirs impacts yours! You are a magnificent creator! Let's keep growing with Mini-Lesson 56.

56. It is Elisha with Law of Attraction Mini-Lesson 56. I used to teach a principle that I called the Circle of Wealth. When you spend money, up uplift those who started and maintain those businesses. This might be Gina at the nail salon. It might be Josh who works at the

Natural Foods Store. You indirectly impact the wealth of hundreds of others when you have money to spend.

An affirming statement might be- When wealth flows through me, I uplift the lives of so many others. When I live abundantly, I financially uplift everyone who also receives that money flow. Money isn't mine to keep forever, it's meant to create an ever-expanding Circle of Wealth. And so it is! Let' keep that money growing with Mini-Lesson 57.

57. It's Elisha again, with LaughingGoddess.International and 105 Mini-Lessons using the Law of Attraction to Manifest Your Wildest Dreams... and Beyond! I feel good about having more money. With more money, I can buy top quality food for my kids, or buy a better and more reliable car to get me to work, or to take my family out for fun! I love having everything that I want and need for my family!

Money enriches my life. Next, we'll embrace unlimited wealth while setting boundaries of self-value with min-lessons 58.

58. It is Elisha with LaughingGoddess.International. When you're working consciously with the Law of Attraction, be sure to come from the place of self-worth and self-value. If you hit the lottery tomorrow, you'll have family and cousins that you haven't spoken to in decades hit you up for some of that good fortune. Know your boundaries.

When giving starts to feel out of balance to you, even slightly, you know it's a great time to set boundaries that include the word NO. You created your own good fortune and others can do the same if they choose to do the work that you've done. It isn't spiritual to give when it just doesn't feel right to you, or when others are taking advantage of you.

Here's your energy statement- I always tune into my inner wisdom when giving to others. I honor my inner knowing and have zero problem letting others know that. I give wisely and full heart when guided to do so! Next, mini-lesson 59.

59. It is Elisha with number 59 out of 105 Mini-Lessons using the Law of Attraction to Manifest Your Wildest Dreams... and Beyond! When you notice and appreciate Beauty, you align more closely with your dreams. Try these words out-

I find Beauty in everything! I remind myself that the eyes of Love see only beauty, and that this is how Source/Universe sees me! When I look in the mirror, I see a spark of God, Source Creator looking back at me. I am amazing! I am Source manifest in human form. I am fully aligned with my every dream, which flows naturally into my life. Next, Manifest with a light heart in Mini-lesson 60.

60. Hey, it's Elisha with LaughingGoddess.International. When you're waiting for the manifestation of your next dream, go have fun! A light heart aligns with your dream. A heavy and desperate mindset takes your dream takes your dream further away. What can you do that is simple, adventurous and fun? Get out there and do that!

Your dream will arrive so much quicker and will simply seem like the next natural step of your life unfolding. Have a blast with the process of conscious creating! Let's keep creating our dreams, next, with Law of Attraction lesson 61.

61. Hey, it's Elisha with 105 Mini-Lessons using the Law of Attraction to Manifest Your Wildest Dreams... and Beyond!

Beneath those layers of judgment, doubt and fear is your true divine nature of unconditional love. Love is the creative force that creates and sustains universes. Love is the natural force inside of you that attracts all good that flows from the heart of Source. Money is the tool, at this time in our world that enables many creations to come into form.

This energetic statement opens you to that flow. Money has always been a part of my creative nature. I am creating my future in This Now moment. I feel the beauty and the love inside of me that allows the energy of

money to flow into my life. And so it is. Next, I want you to feel your victory with mini-lesson 62.

62. It is Elisha with LaughingGoddess.International. I want you to feel your victory and your ability to manifest your dreams in this very moment, not in some vague future. This exclamation can be an expression of your joy of feeling that victory here and now.

This is it! This is my magical NOW moment! This is what I've been waiting for, and the reason that I've worked so much on myself. Today is my day. This is my moment. I now stand in my truth that my dream has arrived. Finally! I am here! I am here! With Law of Attraction number 63, we'll get on the money train!

63. Hey, it's Elisha with number 63 of 105 Mini-Lessons using the Law of Attraction to Manifest Your Wildest Dreams... and Beyond! Let's keep that experience of victory going. I'm on a roll now! My money train is picking up speed! I see, touch and enjoy my new blast of money that has arrived in my life. Today. Now, in this split second. I am free, I am free! And the money train continues with Law of Attraction mini-lesson number 64.

64. It is Elisha with number 64 of 105 Law of Attraction principles and dynamics. Let's continue on this train of success with more affirmations of joy and victory as the powerful creator of your world. With this affirmation,

you're going to relax into the realization that YOU have created your heart's deepest desire. Here ya go...

I'm giggling with delight at the newfound flow of wealth I my life. All of my dreams are coming true Now, in this eternal Now moment. I love my life! I love this train of Success, health and immense joy! Next, mini-lesson 65.

65. It is Elisha with Mini-lesson 65 using the Law of Attraction dynamics for Wealth and Success. I'm riding the train of success, feeling the enjoyment of having all of the abundance that fills my life to overflowing. Money enough to cover my every need with Plenty left over for true pleasure and enjoyment. For adventure! Everything feels so much easier with plenty of money. I'm do relieved that my friend money is now flowing to me, instead of away from me. This is amazing! I am amazing! I am actually doing this! Next, we are absorbed into Golden energy with mini-lesson 66.

66. It's Elisha with Law of Attraction mini-lesson 66. Imagine that you're standing outside, under a bright blue sky, majestic mountains in the distance. Imagine holding you cupped hands up to the Sun. Golden energy pours from the heart of the Sun. Here's your affirmation-

Everywhere I look, I see the energy of Gold! I see golden energy as the Sun fills my hands to overflowing. I see golden energy in the beautiful mountains and in the fields of yellow flowers. Golden wealth flows into my

very real life. I see gold inherent in all of life. I finally see it, feel it, experience it and become it! Next, mini-lesson 67.

67. Hey, it's Elisha with LaughingGoddess.International. Money isn't separate from the flow of Life. Money is an inherent vehicle for the flow of Life to express within. Yet, when we block that flow with fear and limiting beliefs, that flow contracts. When you move back into the power of Love and the power of Now, that flow opens up again, and money expands. So, choose to free that natural flow by living from your heart and from your inherent value and worth. What are you worth? Priceless? I thought so! And next, what exactly is the eternal Now? Next is Law of Attraction mini-lesson 68.

68. It is Elisha with number 68 of 105 Mini-Lessons using the Law of Attraction to Manifest Your Wildest Dreams... and Beyond! What do I mean when I keep referring to the eternal Now, this Now moment? In the channeled Seth Material, Seth, explains that every second is made up of thousands of split second frequency impulses of Now.

Every one of those split second impulses is created anew, again and again, as your reality is created. YOU create the content of those thousands of split seconds through your programming, your beliefs in what is real, your opinions

and your moment-by-moment thoughts, which are powerful frequency creative impulses.

I've said that you are creating worlds. You are creating your now experience and that of what we call your future, which will simply be another Now moment. What future moment are you creating? We'll explore that in number 69.

69. Hey, it's Elisha with LaughingGoddess.International. Do you have momentary doubts and fears occasionally? I do! That's okay. It's part of our human journeys in unveiling True nature's infinite and conscious creators. We are the pioneers for this age, this new 26 thousand year cosmic cycle that has begun. Do you realize in the future that these ideas and principles will be accepted and used by the masses? War will become extinct. Along with space travel, unity and loving creativity will be the norm.

Just as the pioneers of history travelled the land with their horse-drawn wagon trains, you are a pioneer of this time on our little blue planet Earth or Gaia. You are breaking new ground, unearthing new discoveries about time, space and consciousness. You should have a stature or at least a book written about your contributions. About the fear that you overcame, the songs that you wrote, the joy that lifted all of humanity to new

experiences! You are soo cool! Next, you'll expand your ability to consciously choose your realities in number 70.

70. Hey, it's Elisha with 105 Mini-Lessons using the Law of Attraction to Manifest Your Wildest Dreams... and Beyond! Thoughts don't just happen. You can choose to create new neural pathways in the brain where happiness flows easily. Where gratitude and wonder become your daily mindset and where abundance flows like golden waters. You do this by breaking those old habits of fear-based thinking, and be consciously choosing love again and again in your normal daily life. Start creating those new pathways in the brain. How about now? Next, with mini-lesson 71, let the Magic begin!

71. It is Elisha with LaughingGoddess.Intenational. There is a place where happiness, purpose and contentment are forever. There is a place where smiles and loving interactions are the normal means of interacting. There is a place where magical rivers of gold splash, and golden salmon swim upstream to lay eggs of new life. There is a place where all races adore and respect each other, where children laugh and play, and where the Sun always shines gently. That place is eternal. That place is inside of YOU. Your heart is the key! You are sooo loved! Next, you'll experience real freedom that blossoms from the inside, with Law of Attraction mini-lesson number 72.

72. Hey, it's Elisha with LaughingGoddess.International. You are eternal Spirit. You are the creator of your own life, your own world. You chose the earthly lessons that you did in order to learn and to grow as an unlimited Soul. Here's your affirmation-

I leave old wounds behind. My spirit can never be touched by darkness, for I AM the Light. I am Love, I shine like a lighthouse for all to see. I am brave in shining my light! I am courageous in creating abundance on all levels. I don't hesitate, but joyfully continue on, manifesting my world and my dreams with head held high. I am free in body, mind and spirit. I Am that I AM! Next, Law of Attraction mini-lesson number 73.

73. It is Elisha with Law of Attraction mini-lesson 73. I am a wealth creator! My true nature is as abundant as the number of leaves of all of the trees in every forest! My very essence is expansion and growth. When I think of my abundance, I'll remind myself that his level of abundance and so much more than this exists inside of me in every moment.

I allow and accept Who I Really Am! Next, mini-lesson 74.

74. It's Elisha with LaughingGoddess.International. When fear sets in and thoughts begin to get lower, put on your Golden Robe and lift your vibration. Ask your friends and teachers in spirit to assist you. Visualize reaching into the

heavens as those who love you reach down and hand you the Golden Robe of light, and of your true majesty. You reach out and slip this golden robe around you. You may imagine this robe of light with special symbols embroidered into the fabric that uplift you and remind you of Who You Really Are.

This robe shines with the true essence of your divine abundance. You let go of all worry and all fear, and snuggle into this robe, once again knowing your amazing golden heart and spirit! You are so deeply loved... and worthy of every good thing! Next, mini-lesson 75.

75. Hey, it's Elisha with number 76 of 105 Mini-Lessons using the Law of Attraction to Manifest Your Wildest Dreams... and Beyond! Practice makes perfect, right?

So, practice with conscious creating, remembering to ask yourself if you're focusing on something wanted, or something unwanted. You are creating, none-the-less!

You might say this: When I'm down, I'll fill my mind with higher thoughts and use one of the many tools in this 105 Course, to change my frequency. When I'm unhealthy, I'll fill my mind and body with thoughts and feelings of amazing health! When I'm alone, I'll remember that the living Universe and all of my Heaven friends and teachers love me massively. When I'm broke, I'll flow golden energy to everyone I see to uplift their lives.

For, I am filled to overflowing that I might uplift myself and the world. I am a wealth creator. I am free, I am free!

Next, Law of Attraction 76.

76. It is Elisha with LaughingGoddess.International. when you are filled with love for every living thing you come into alignment with your dreams. Really, not only with your dreams but with your ability to change possible realities to probable realities.

Remember, Love will rocket-boost your dreams. Love will change your reality. Love will change your life! YOU are a force for love! Next, Law of Attraction mini-lesson 77.

77. Hey, it's Elisha with number 77 of 105 Mini-lessons using the Law of Attraction. I think you already know this one, but it's always good to remind ourselves of dynamic principles, yes? Gratitude aligns you with the conscious creating of your dreams. Pause this video must for a moment. Tell me right now, 5 things in your life that you're grateful for. You just aligned yourself with the flow of love from your heart. Your dreams are now opening before you. Keep this vibration going. Own it. Love it. Live it! In 78, we'll talk about challenging events while creating joy.

78. It is Elisha with LaughingGoddess.International. Sometimes it may seem difficult to focus on your own

dreams when all around you, events and situations tell you that others are suffering, and that it just may be selfish of you to focus on your own joy and satisfaction.

And yet, it is so true that when parts of the world are suffering, this is when they need to be lifted up the most. This is when beautiful music is most needed, when art that inspires and touches hearts is important, and when laughter can truly lift the world.

So, send blasts of healing love to those specific events and situations. Now focus again on your heart's dreams. Tho' you may not directly interact with those who struggle, your love, light heart and joy will be added to the field of all life, and will uplift those who need it. You are a lighthouse for your family, your friends and for the larger world, just by being your highest Self. Remember, love changes everything! Next, Law of Attraction Mini-Lesson 79.

It's Elisha with LaughingGoddess.International. Mini-Lesson 79 talks about polarities and choices. You don't have to choose between being abundant and being kind. You don't have to choose between being wealthy and being your highest spiritual self. Set your intention now to create complete freedom for yourself, while also showing others the way to freedom.

We will create a new world of mindful wealth that is created from Love, create from YOUR heart. Financial

freedom uplifts the world. When others try to limit you through fear, break those chains and blast free with the most powerful force in ANY universe. Use Love to shine the light of Who You Are. 2x And let's talk about balanced creating in number 80.

80. Hey, it's Elisha with LaughingGoddess.International. Earlier in the course, we talked about how being desperate cancels your ability to consciously create, because you immediately drop into a lower frequency. Number 80 is a reminder to keep your creating light and playful.

Here's your affirmation- I will keep my creating light and playful and gently upgrade any limiting thoughts as I become aware in each moment. Each moment is a gift to me to easily manifest my dreams. Be kind to yourself!

And on to min-lesson 81.

81. Hey, it's Elisha with number 81 out of 105 mini-lessons using the Law of Attraction to Manifest Your Wildest Dreams... and Beyond! I choose my thoughts and feelings wisely. I choose how I react, or even if I react to everyday interactions that in the past may have upset me. I choose my thoughts and reactions because I now understand how these are creating further similar events. I love myself and want the best for my life. I'm willing to keep my frequency high in order to give myself the best

in every moment. I am a powerful creator! Next, number 82.

82. It's Elisha with LaughingGoddess.International, and mini-lesson 82. Who I am in this moment is not who I was yesterday, let alone years ago! I do not often revisit the past, as it may lower the frequency that I'm putting into my infinite reservoir of creation. When I do visit the past, I choose wonderful, exciting and love-filled memories that enhance what I am creating in this now moment. I am an easy and joyous creator. Let's continue expanding with lesson 83.

83. Hey, it's Elisha with Mini-Lesson 83. My inner guidance is all that I need in order to create my heart's dreams. My inner guidance system is my own North Star that will never fail me. That still point within leads me to my greatest health, my greatest wealth, amazing relationships and my richest, deepest and most fulfilling life. I spend a little time every day so that I can hear my inner voice speaking quietly and surely with me. Though I am inspired by many, I have become my own guru, my own teacher. And next, mini-lesson 84.

84. It is Elisha with LaughingGoddess.International! Earlier we talked about enhancing your creations with a playful heart and laughter. You might think of life as like a big sandbox. Sometimes, you'll be the sandbox alone, intent on building a fort or mansion. Sometimes, you'll be

creating with friends. When you build sand castles with friends, you'll work as a team with your buddies and business partners.

Open to other's ideas. Will you be the builder, the planner, the architect or all of these? How can you bring your ideas into form in the most lighthearted way? How can you make your projects fun for everyone? Manifesting can be a blast with the right team and the right mindset. You might host a manifesting circle where you all share your dreams, and share ideas and resources to help every member manifest. Play like a child with the wisdom of your adult alchemist! Lesson 85 lets you know if you're the right kind of person to live your dreams!

85. It is Elisha with number 85 of 105 mini-lessons using the Law of Attraction to manifest your wildest dreams... and beyond! In the past few months, when referring to becoming financially free, I've heard several people comment that they just don't think they're that kind of person to create real freedom. Where does this limiting belief come from?

My guess is that this mindset comes from past failures. "I tried sooo hard, put my heart into my dream, and it didn't work. I've kind of given up!"

Here's your affirmation- write it on a large notecard and post it on your fridge so that you see it every day. Every NOW moment is created anew by my thoughts in this

very moment. I am the kind of person who manifests \_\_\_\_\_ you fill in the blank here. I am that kind of person. Next, 86 addresses what to do when you're stuck in "poor me" syndrome.

86. Hey, it's Elisha with number 86. Every time that you feel like a victim of life, and feel stuck in "poor me" syndrome, remind yourself that you have put yourself in a nasty dream that YOU created on some level. Awaken within the dream. Ask yourself, what would I rather create, or manifest? Then, imagine yourself in several scenarios, and immerse yourself in your new image! Take inspired action to create a new and beautiful reality! Let your heart and higher mind show you the steps. Next, Law of Attraction 87- The dream is already yours!

87. It's Elisha with LaughingGoddess.International. That log home in the mountains is already yours. That seaside bungalow has your name on it. See those horses over there? They're yours to race over flower-filled fields with the wind in your hair! See that handsome man or beautiful woman who adores you? He's there to support you through thick and thin! Open your hands and heart to receive. Dream big! Believe it! Receive it! What a joy it is to know that I am receiving my dreams... NOW! Next, 88- Are love and beauty your daily dance partners?

88. It is Elisha with number 88 out of 105 Mini-Lessons using the Law of Attraction to Manifest YOUR Wildest

Dreams... and Beyond! Are you dancing with life? Are you having fun creating more ideas of how to allow abundance to flow? Do you whirl and spin with the energies of Love and Beauty? Are they your daily dance partners? If so, you can expect that wealth is knocking on your door. Go, answer it! Peace! You are loved. Next, Manifesting Lesson number 89!

89. It is Elisha with LaughingGoddess.International. Find a dream that makes you laugh with joy! Generosity manifests more of its kind. Love and inspired action manifests dreams that fill your life with richness and fullness. Each person that you interact with will be uplifted by the frequency of the dream you carry. Go forth and create worlds! Peace! Next, mini-lesson 90 encourages you to “try on” wealth!

90. Hey, it's Elisha with number 90! Here's an idea to enhance the feeling that you are already living a wealthy life. Try on wealth and abundance! Go to the wealthy part of town and have lunch with a friend. Somewhere that you might have to save for a week or two to easily pay for it.

Look around. This is YOUR environment. Breathe it in. Admire the décor, be kind to the service staff, appreciate the taste of fabulous quality food! Feel it natural, feel it easy! Wealth is here for you. Get cozy with it! Next, Law

of Attraction mini-lesson 91 offers a tool for you to save a Wealth program to your brain's hard-drive.

91. This is Elisha with LaughingGoddess.International. Your brain is a computer, right? It has 100s of times the capacity of a physical computer, so why not tap into those abilities? So, you're going to SAVE a Wealth Program to your brain's hard-drive for your mind and consciousness to express through. Here are the 3 Steps-

1. Find several images that you'd like to imbed into the wiring of your brain. Post them to a blank file, like a Word Document. But, don't click SAVE yet.

2. Look at each image. Feel the feelings and emotions that these bring up for you. Elevate these feelings to the max, so that you're almost dancing and shouting with joy!

3. Command these words, "Imbed NOW into my open and receptive neural pathways." Visualize this as done, as you click the SAVE button on your laptop.

This process gives you a physical, visual and emotional experience of programming your brain for successful manifesting. Refer to this document at least once a day and refresh those feelings. Brilliant! Next, mini-lesson 92.

92. Hey, it's Elisha with 92. It's Elisha with number 92 out of 105 Mini-Lessons using the Law of Attraction for

health, wealth and Very Successful Manifesting. In this lesson I want you to make a list of every quality and characteristic that makes you your unique Self. Every Every goofy and wondrous thing that makes people sit up and take notice of your uniqueness. Next, read it back to yourself. Add these words-

And this is why I easily create success in anything that I put my intention and focus into.

Doing this will inspire new thoughts that will lead you to take inspired action toward your heart's deepest dreams. You were meant for these dreams! You are the one who was chosen to bring these dreams to life. Lucky you! And next, 93 guides you when conscious manifesting seems to happen in spurts.

93. Hey, it's Elisha with LaughingGoddess.International. several people told me that their manifesting seems to happen in spurts. They'll manifest something that their heart has been longing for, and then it seems to Pause for weeks or months at a time. What to do?

First, relax. Allow the pause to occur without a sense that you have to fight to get back on track. You are already manifesting or creating the daily life that you're living now. What have you manifested that you're now

enjoying? If you can create one amazing thing, you can create thousands more amazing things!

Read your list that you wrote in lesson 92. Get re-inspired! Then, place both hands over your heart and affirm, "I am magnificently loved... and worthy of EVERY good thing!" Law of Attraction 94 asks you if you ever become cynical about being able to manifest the life that you most dream of.

94. It is Elisha with number 94 out of 105 deeper principles of the Law of Attraction. I see so many people who hope to create their deepest dreams while being cynical about being able to do that. Let your heart be open and trusting, like a child who is about to open her presents on Christmas morning.

Your affirming statement might be- I relax into the Love that I know that the Universe or Source has for me. My heart opens in surrender to the living forces of love, of magic and of wonder. I love myself, and I love life enough to reach for the best that I can imagine.

Then use the lessons in the previous number series to again shine your brightest light. Number 95 speaks about your mastery of life.

95. It is Elisha with LaughingGoddess.International, and number 95. You came to this world of contrast and of

form to experience life in every way that is pleasurable to you. You didn't come to learn through pain or struggle, those these dynamics may be useful to your soul's growth. You came as master of your own consciousness to create true freedom for yourself. And through your experiences, to lead others to true freedom in all aspects of life. You came to create worlds of wonder. This little course is helping you to do just that. You've already learned so much! Life itself is loving you. Can you open to feel it? Manifest more easily with lesson 96.

96. It is Elisha with mini-lesson 96. You didn't come to manifest your dreams alone. Create a circle of friends who support your highest Self. Have you noticed that when you hang with certain people that you're lifted up, and with others, you're pushed down by the frequency that they emit and project?

Create your own community of like-minded friends who inspire you when you're in their presence. These might be your favorite consciousness authors or higher frequency teachers whose books you read. These can be the people that you hang out with every day. Saturate yourself with these high frequencies. Let your mindset grow and expand. Change the quality of the food you eat, of the tv that you watch, or the places that you love to spend time. Live with excellence. Become excellence!

98. Hey, it's Elisha with LaughingGoddess.International, and LOA principle 97. I'd like to remind you to let go of outcomes. Visualize with emotion and feeling. Rock that feeling to the stars. Then let it go. Your job is not to obsess over HOW your dreams will manifest. Your job is to stay open to the fact that your dream is already in your creative reservoir, and that it is on the way to you. Then go about enjoying your life. Find beauty in every detail of life on this lovely planet. Do something every day to stay within your inspired heart-space, and when inspiration comes, act on it. Your dream is on its way! Next, 98 shares the most powerful force in the universe.

98. It is Elisha with number 99 of 105 Deeper Principles and Dynamics using the Law of Attraction to Manifest Your Dreams. Here's your affirming idea- I use Love as a paintbrush to color and to detail the canvas of my life. Love is not only the most powerful force in the universe. Love is the most powerful force in ANY universe! That is soo cool! I use love with every technique or tool that I choose for the most powerful and effective manifesting. Love is the force that creates worlds. Love creates my world. Lesson 99 helps you release the past.

99. It is Elisha with LaughingGoddess.International, and lesson 99. When we're clear of emotional baggage from the past, our manifesting works so much more effectively and quickly. Here's the energy release-

I now send a blast of love and forgiveness to anyone from my past. I send forgiveness to myself for having participated in uncomfortable events, whether consciously or unconsciously. I manifest my dreams this clear and powerful point of NOW. I am free, I am free!

Next, Law of Attraction 100 affirms your identity as a wealth creator.

100. It is Elisha with Law of Attraction 100! A wealth creator changes the world for everyone. You easily create what is needed and those energies that bring joy to yourself and to others. Your expanded energy field connects to All That Is... uplifting the entire web of life.

Can you relate to this affirmation? I am a new warrior of light, a wealth creator! I share all that I AM. My sword is the mighty force of Love.

Can you fully accept your real power to create? To manifest? Can you fully accept that you can manifest miracles? Lesson 101 speaks of the power of your words to manifest, or to create your dreams.

101. It is Elisha with LaughingGoddess.International. Number 101. Make an intention to be aware of your self-talk and of the words that you use on a daily basis. Words are the energy dynamics that you're using to send ripples of creative energies out to the Universe, to your infinite creative reservoir! The Universe then matches these energies and returns them to you. Your words are powerful, your words are creative! Use words that express the frequency that you want returned to you. Right? Love you!

Next, mini-lesson 102 speaks of one way that almost everybody limits that unlimited flow of abundance, and of all good that is always flowing from the heart of Source, or from the Infinite.

102. It is Elisha with 105 Deeper Dynamics and Principles using the Law of Attraction to Manifest Your Dreams. For so many years, I limited my income flow by believing that the source of my monetary flow was my job. I did Alzheimer's Care for 28 years, so that income flow was VERY small. I worked harder, I worked 60 hour weeks, month after month, and my income still did not become abundant.

I knew that I wanted to teach spiritual principles, but felt that I just wasn't ready to do that as a major source of income.

I slowly realized that Source/Creator/The Divine is my **real** income source, not a puny little job.

I want YOU to really get the idea of not limiting your money flow to your job. Imagine an **infinitely sized** globe of light around you. Money and good can flow in from EVERY direction, every point on that globe of light which contains every universe, every reality, and every possibility.

Now, imagine and affirm money flowing to you from every direction. From sources known and unknown.

So, open up your belief system. Open up your visualizing, open up your imagining! You are infinite! You are a creator! Number 103 reminds you that money follows happiness, not the other way around!

103. It is Elisha with LaughingGoddess.International. Money follow happiness. Money comes from the inside of you, not the outside! When you create a deep, rich and full life, money will **naturally manifest**, if you follow the principles of this course, if you follow the deeper principles and dynamics of creating money. Otherwise, you'll try a million different tactics and tricks, attempting to outsmart the Universal supply, with zero or teeny results!

The core of the universe is and always will be the force of Love. That which created, sustains and maintains every universe and every planet in its orbit is the mighty force of Love- intelligent, creative, Love! When you harness this force, you'll have boundless health, ever-flowing wealth, wondrous relationships that leave you breathless, and success that explodes what you believed you were capable of.

One of my most powerful and yet also, probably the simplest power statement is this-

Only love, only love, only love!

Focus your attention on what you believe to be a problem, and say these words with feeling. Watch what happens. Repeat as needed.

Principle number 104 asks you to imagine your most amazing future.

104. It is Elisha with LaughingGoddess.International and number 104 out of 105. What is the most amazing and profound future that you can imagine for yourself right now? Pause this video and do some imagining right this minute.

Next step is this- Now, imagine a future so bright, so brilliant that you have to really stretch your visualizing to **reach** into this possibility. You can have this "far out"

possibility. This “far out” life is already forming from your Now Reality. Everything is frequency! There are higher and higher versions of your life waiting for you to manifest them in this reality. **How** do you do that?

You keep your creative frequency high. You stay centered in your power center- your heart. You create a daily practice of quiet reflection, of listening to your own inner guidance, and to the voice of your highest and best Self who is always whispering to you.

You make the principles in this 105 Course your own. Read them over and over. Choose 2-4 that you want to work deeply with. Then do that! We’re on to our last Law of Attraction in this 105 Course, number 105, which is you looking in the mirror that I offer.

105. It is Elisha with LaughingGoddess.International. Wow! We did it! We covered 105 mini-lessons for you to expand your ideas and your knowing of yourself as the conscious and intentional creator of your own world.

You are life made manifest. You are LOVE made manifest. When you get down beneath those outer layers of doubt, of fear, and of all that false programming that you’ve believed, all there is a big, shining energy-matrix of love-YOU! Again, you are life! Create it! Manifest it! Live it!

If you're wondering how I could come up with 105 Mini-lessons, it was so easy. I sat in front of my computer, opened my heart and began to write from my own experience and from the love that I feel for humanity, and for all of life.

Yes, it was work writing them all down, and then recording them, but every step was JOY.

It is my honor to present you with this full course. Thank-you for being here. Thank-you for the gift of you to our world!
